Dear Tim

Except for vague  
rumors I have heard very  
little of your doings outside.  
The fact that you were at  
the Hofmann affair at  
Berkeley. Sorry I could  
not get there.

There is little news  
from us. Ruth had a  
serious operation on her  
liver last January, from  
which she is still recuperating.  
It was completely  
successful and she  
will be pretty well back to  
herself in time.

A time when  
anything is possible  
for those who love  
Christmas Blessings

Affectionately  
Ruth & Walter.
